Introduction to Short Form

Module Overview

Welcome to your journey into short-form content creation. We'll explore how to make every second count in your videos.

Short-form content is not just about being brief - it's about being compelling.

Key Terms

HOOK The first 3 seconds of your content that grabs viewer attention and stops the scroll.

RETENTION The percentage of your video that viewers watch before leaving.

SCROLL VELOCITY The speed at which users typically scroll through their feed.

ACTION PLAN:

Watch 10 viral short-form videos

Identify hooks in each video

Write 3 hook ideas for your content

Film your first short-form video

Key Takeaways

The Power of Short Form

Short-form content allows you to reach more people with less production time, making it perfect for consistent content creation.

- ◆ Higher engagement rates
- ◆ Lower production costs
- ◆ Faster audience growth

PRO TIP

Film in portrait mode at 9:16 ratio to maximize screen real estate across all platforms.

- ◆ Algorithm preferences
- ◆ Audience behaviors
- ◆ Content requirements

Platform Dynamics

Each platform has unique characteristics that affect how your content performs and reaches your audience.

Platform Comparison

Feature	TikTok	Instagram	YouTube
Length	60s	60s	60s
Format	9:16	9:16	9:16
Audio	Required	Optional	Optional

Remember...

START SMALL, STAY CONSISTENT

Your first videos won't be perfect, but each one gets you closer to mastery.
